

MINERAL MUD HAIR MASK

Mineral Mud Hair Mask is handcrafted with the finest French clays and moisture rich oils to provide you with the ultimate luxurious hair mask. Sunflower seed oil helps improve hairs manageability and fights frizz while apricot kernel oil works to maintain a barrier of hydration inside the strand, leaving the hair soft and well-nourished. Use as a weekly treatment to hydrate and improve the condition of dry, damaged hair. This can be used as a face and neck mask, great for a pedicure, and can be used to treat back acne and prevent scarring.

Instructions

Apply a generous amount to clean damp hair. Comb through with a wide tooth comb. Let soak in for 10-15 minutes. Rinse thoroughly. If hair feels oily after application, apply undiluted shampoo to hair and rinse out.

Words from Our Customers

"I had developed bad skin problems on my face due to food allergies, which were diagnosed during the past year. Making healthy dietary changes helped a lot but I still had a hard time trying to find cleansers/moisturizers that wouldn't irritate the sensitivity of my skin. No matter what products I used (even the ones claiming to be raw and vegan), I would get some kind of uncomfortable reaction, either slight or more pronounced. I recently purchased one of your MM products, the Feng Shea Facial Scrub, and have used it repeatedly with no reaction ... absolutely none! My skin felt totally normal and very nicely hydrated — no tingling, burning, itching or redness at all. I am really thrilled and optimistic now."— Sarah

"Straight soap was always much too harsh for washing my face, yet cream-base cleansers—even the over-the-top hyped, expensive department store brands—never left my skin feeling really clean. I also wanted to be able to gently exfoliate, so that I could be totally sure everyday pollutants were thoroughly removed from my face before bedtime. Well.... guess what? I found Morrocco Method Feng Shea Scrub and this excellent product does it all: gentle but very deep cleansing, purifying and moisturizing. Although at this point I'm in the 'mature skin' category, as a result of using Feng Shea nightly my face feels as soft as a newborn baby's behind!" — B. J.
