

CBD CONDITIONER

Use as part of the Morrocco Method, rotating in with other MM conditioners.

How to Condition: Shampoo with MM. Apply conditioner to the ends of hair, massaging it in. Leave in for 3-15 minutes. Detangle with a wide-tooth comb or your fingers before rinsing thoroughly.

How to Co-Wash: Use the conditioner as you would an MM shampoo. Apply to wet hair and scalp, massaging to cleanse and promote scalp circulation. Rinse. Apply again to just the ends, massaging to condition the strands. Leave in hair for 3-15 minutes. Detangle with a wide-tooth comb or fingers at this point. Rinse.

Formulated to:

- Prevent damage from pollution-induced free radicals
- Shield hair from environmental harm like dryness and frizz
- Maximize CBD's [Anti-inflammatory properties](#) which alleviate scalp irritation
- Nourish and hydrate hair through naturally occurring essential fatty acids
