

CBD SHAMPOO

Use as part of the Morrocco Method, rotating in with the 5 Elements Shampoos and Conditioners.

How to Shampoo: Perfect shampooing requires washing twice. The first wash loosens dust, debris, dead skin cells, and excess oils from the hair and scalp while detoxing most of it from ones hair. The second wash allows the ingredients of the shampoo to reach the scalp, and to nourish and stimulate the hair and scalp.

Formulated to:

- Protect from pollution-induced free radicals
- Shield hair from environmental harm like dryness and frizz
- Maximize CBD's [Anti-inflammatory properties](#) which alleviate scalp irritation
- Nourish and hydrate hair through naturally occurring essential fatty acids
